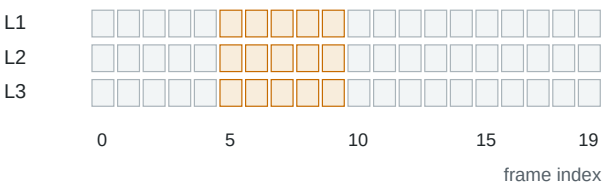
a Index values and replacement rule

Illustrative indices, not test data

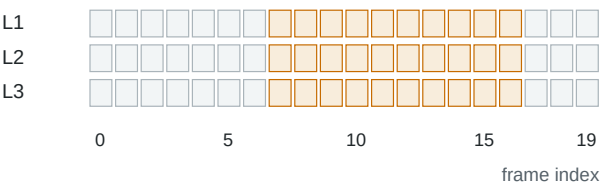
Original	13	44	72	31	86	9
Erasure replacement	13	44	44	72	86	9
Random substitution	13	801	72	31	206	9

Consecutive erasures read the preceding ORIGINAL values.

b Five-frame packet mask (100 ms)



c Ten-frame burst mask (200 ms)



Shaded cells: selected positions. Grouped masks share the same time span across all three layers.
